Welcome to the 2020 Pre-K summer program. Over the next couple of months, we will be exploring our theme, America the Beautiful. Our planned art, music, dramatic play, reading, writing, math and science activities will allow your child to investigate our theme in a fun way. We have also planned field trips and water activities that will keep us busy all summer long. Picnics, and relaxing walks will also be incorporated into our fun summer days.

You will find some helpful summer reminders to prepare you and your child for the summer. If you have any questions or concerns, please feel free to contact a PreK teacher either in person or by using the following contact information:
